

Haven Mosquito Repellent Systems Operation

1. Obtain agreement from all those present within the controlled area. Notify new arrivals if it is already on. Some people may wish to avoid the area due to chemical sensitivities.
2. **START:** press the LEFT button on the top of the control unit
 - An indicator light will appear on the controller and on each functioning fixture.
 - About 15 minutes are needed for the system to reach full effectiveness.
 - The system will automatically shut off after 4 hours.
3. **CONTINUE:** press the RIGHT button (before 4 hours has elapsed) to add another 4 hours.
4. **STOP:** press the LEFT button to shut off
 - Do this if you are leaving before 4 hours has elapsed, to conserve repellent fluid.
